

4G3 is a 501c3 nonprofit organization on mission to embolden displaced and persecuted Christians in the Middle East to stand firm in their faith. We minister to those who have chosen to remain in their countries despite serious persecutions. Not only do we help those that chose to stay behind and make a difference, but we also work with refugees forced to flee their homes due to war and serious persecutions against their belief.

There is a dire need for practical Christian discipleship material for displaced and persecuted Christians around the globe. **We offer a proven 10-course, 70-hour discipleship program over 15 months.** *4G3 Discipleship Institutes* help Christians from diverse backgrounds, cultures, and denominations develop the character and skills to walk with God and change the world around them.

Since 2018, Discipleship Institutes have taken place in Syria, Iraq, Turkey, North Sudan, South Sudan, Jordan, Lebanon and Egypt (48 Discipleship Institutes with 1,440 graduates). Each participant is expected to reach at least 100 others before they graduate and as a prerequisite for graduation. This means that the graduates have reached at least 144,000. At any given time, there are 12 Discipleship Institutes in progress. **At the same time, 4G3 has trained over one million people from 22 countries with individual biblical courses over the course of 23 years.**

EXPANDING OUR REACH: 4G3 is wanting to expand the successful 4G3 discipleship model to train 10 leaders of churches and ministries in seven new countries to start their own Discipleship Institutes using the 4G3 model, causing a ripple effect in their churches, society, and nations. **The seven countries are Kenya, Tanzania, Nigeria, Ivory Coast, South Africa, Ukraine and Pakistan.**

We are seeking partners to join us in this Kingdom work.

If you have any further questions regarding 4G3, I would be honored to tell you more.

Blessings,

Dr. Wahid Wahba

OUR HISTORY

In 1976 God burdened Egyptian Christian, Dr. Wahid Wahba with a passion for investing in others through Christian ministry. A dentist by profession, Dr. Wahid felt God's call to resign from his dental practice to pursue full time ministry. Since this call on his life, Dr. Wahid has trained and equipped millions of Christian leaders worldwide. In 2000 he launched the Middle East Leadership Training Institute (MELTI), which reaches 45 thousand people (about twice the seating capacity of Madison Square Garden) each year in 25 Middle East North African countries. Dr. Wahid has worked with various Christian agencies such as the Bible Society of Egypt, Walk Thru the Bible, Saddleback Church, and The Haggai Institute to help them advance the work of God throughout the Middle East, Africa, Asia, CIS, and Europe.

In 2018 God deepened Dr. Wahid's burden, calling him to expand his vision for investing in people by strengthening leaders around the world. 4G3 was birthed to expand leadership training institutes so biblically based materials and training will be available, growing even more individuals into leaders who will be catalysts of change in their families, churches, communities, and nations, for the global glory of God. Since 2018 Discipleship Institutes have taken place in Turkey, Syria, Iraq, North Sudan, South Sudan, Jordan, Lebanon and Egypt.
